Working in groups the pupils will be set a challenge to design, make and promote a fish based ready meal.

The project is in three stages :

Pupils take part in a series of workshops where they will have the opportunity to engage with local groups and businesses who are involved in the fishing industry.

Stage Two

In their own schools teachers provide background projects about fishing and sustainability to support the learning outcomes of the project. .

Stage Three: **5th/6th May** Kinlochbervie High School 9am- 3.40 pm
