

Management of Schools

On the first day of term, Mr Barry Northedge, our Quality Improvement Manager, met with the chairs of the parent councils from the High School and from Kinlochbervie, Durness and Scourie Primary schools. The minutes of the meeting are included with this letter but in summary Highland Council are proposing that the four schools will have one Head Teacher with a Depute in the primaries and a Depute in the Secondary and principal teachers with management responsibility in each of the primary schools. Mr Northedge intends to meet again with the parent council chairs shortly and then to hold a meeting with all parents to discuss the proposal.
